

# BASH THE TRASH

Schools  
2024-2025

**Bash the Trash** brings amazing performances, workshops and residencies to your school! We show students how to build musical instruments from reused and repurposed materials, connecting to science and the environment. It's a great way to explore current issues of sustainability, climate change and plastic pollution. 30+ years experience; flexible, reliable and professional!

## COMMENTS

**Parent:** "...my kids spent the past couple days creating instruments from cardboard, rubberbands, bottles, etc. My daughter told me, 'We were inspired!'"

**Teacher:** "...I admired how my teaching artist Brian fostered excitement about music and composing. Our students had so much fun and can't wait to share the final product."

**Administrator:** "We got great feedback from teachers. More importantly, our students LOVED it. Plus you were easy to work with!"
