

# BASH THE TRASH

**Schools  
2022-2023**

**VIRTUAL**

**Bash the Trash** brings amazing performances, workshops and residencies to your school! We teach students how to build musical instruments from reused and repurposed materials, connecting to science and the environment. Our cool and weird instruments made from trash are a great way to explore current issues of sustainability, climate change and plastic pollution. 30+ years experience; flexible and open to new ideas! **Contact us to discuss possibilities!**

## **Live In-person Programs // Hands-on Workshops & Residencies**
